***ECLIPSE*** (*Elegant Committed Ladies In Promoting Scholastic Excellence*) was organized in 1991 to help fill the void existing in our community with regard to higher education. We are totally committed to assisting and encouraging deserving students in successfully completing higher educational goals.

The specific purpose of ***ECLIPSE*** is to function as a service group in the area of educational, cultural, and social aspects of African American Heritage. We are designated as a non-profit corporation under the public benefit status and exempt as an educational charitable organization, EIN 95-4371432.

In addition, we feel with continuing cuts in federal and state funding for scholarships, our rising generation can no longer look to government agencies for help. The responsibilities now rest on private industry and individual citizens to take control and assure the economic well-being of our country.
